Computer Science 4200/5200
Computer Networks
Tennessee Technological University
Spring 2002
Mondays, Wednesdays 3-4:20 p.m.

Instructor: Martha Kosa
Office: Bruner 214
Office Phone: 372-3579
Email: mjkosa@tntech.edu
URL: http://www.csc.tntech.edu/~mjkosa

Office Hours: 9:30-11:30 MWF
9:30-11 TR
3-4 F
However, if you see the light on in my office at other times, please knock and I will try to help you. You can call to make an appointment if you wish.

Course Objectives: Hopefully, after this course, you will understand a layered network architecture, specifically the Internet protocol stack (application, transport, network, data link, and physical layers).

Course Requirements: You will take 2 tests (on Feb. 6 and Mar. 27), worth 20% each, and take a final exam (Tuesday, May 7, at 1 p.m.) worth 20% of your grade. The remaining 40% of your grade will consist of homework and/or programming assignments (with the possibility of a project worth 20%). You may be asked to do 1 or 2 short in-class presentations.

Grading Scale: I will use the standard 10-point scale (90+ is an A, etc.). I may curve grades upward if necessary, but I will not curve downward.

Students with a disability requiring accommodations should contact the Office of Disability Services (ODS). An Accommodation Request (AR) should be completed as soon as possible, preferably by the end of the first week of the course. The ODS is located in the Roaden University Center, Room 112; phone 372-6119.
